
snowboard training How the hell are we down 11 at the half?

The stuff by Bayless was nice but why are they calling fouls on a veteran like Juwan against these youngsters? We are getting killed on the paint too. Hopefully, Sacto goes back to their turnover driven style of play in the 2nd stanza. Go Blazers !

How can the announcers, the fans & the cheerleaders all see that when this team runs they are better than when they try to burn 23 seconds off the clock, yet the coaching staff doesn't get it? Or do they tell the guys to run & they just don't? Go Blazers !

No time like the present, even if we've only got 8 guys suited up. Bayless looked like he should be getting more minutes. BRoy, LA & Pryz all looked good. Hell, even Blake looked like he was getting his groove back. The bad news is the schedule between now & Christmas is absolutely brutal. We'll be lucky to go 2-4 over the next 6 games. Go Blazers !

games. yeah... Quite a Christmas gift from the league scheduler. We play, in order, the teams currently 3rd, 6th, 7th, 13th, 5th & 12th in the league standings. Of course, we're sitting at 11th but we got there with only half a MASH unit, now we have the complete set. Maybe they can give everyone a paper cut & pour lemon juice on it for New Years. Go Blazers !

BRoy, LA & Pryz all looked good. Hell, even Blake looked like he was getting his groove back. The need to trade a PG for a center...even if it is a stiff. No more stiffs, we've had more than our share. I'd rather go small ball over letting Miller go for some big whose biggest contribution will be 6 hacks & 3 rebounds. Small ball is not working...Joel can not carry the spot by himself.

We definitely need another big, I just don't want to see us take it in the shorts on a deal & there aren't many good bigs available (obviously). That Randolph kid at GS would be sweet, but I'm not sure they want to let him go. Go Blazers !

Reports have it anyone can be had on the warriors but the price would be high. Turiaf would work fine. Blake for Turiaf would work and drop a year off of contract length for the Ws. Hard to deal straight up when half the roster is hurt and most of the rest are not expendable.

I think it might also be Nate telling Dre play defense or do not play.. might as well kept the cheaper sergio... strange that he never says that to Roy, or LaMarcus. And especially Blake.
